

FACTS ABOUT THE FRIENDS

The Friends of Harrington Beach State Park was founded in 1988 to support this beautiful park, both financially and through volunteer services. The Friends are dedicated to supporting and promoting the interpretive and educational activities of Harrington Beach State Park (HBSP) and its visitor services.

All income of 'The Friends', through memberships, sales, donations, and proceeds from fund-raising activities go to directly support HBSP operations, programming and to help build resources for the community.

'The Friends' offer a wide variety of activities, and a multitude of opportunities to get involved. These activities include hosting hikes, operating the concession stand, maintaining trails, removing invasive plants, and assisting park staff with programming.

We will find a place for your skills, interests, and talents.
